This privacy statement explains the reason for the processing of your personal data in the context of the European Circular Economy Stakeholder Platform (ECESP) Annual conference 2026, organised by the European Commission. It explains the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to the processing of personal data linked to meetings and events, organised by the services of the European Commission, is presented below.

2. Why and how do we process your personal data?

Purpose of the processing operation: the European Commission collects and further processes your personal data to provide you with information about the specific conference (before, during and after) and to process your application for participation in that conference.

Your personal data will not be used for any automated decision-making including profiling.

Live web-streaming and audio-visual recording at the conference of the speakers, organisers and participants, as well as photographs of the speakers and panoramic photographs of participants and organisers will be taken and published in the context of the conference on the European Circular Economy Stakeholder Platform: <https://circulareconomy.europa.eu/platform/en/ecesp-annual-conference-2026-competitive-and-fair-circular-europe-ambition-heart-single-market>.

The audience or non-speaker participants are not photographed individually or in groups. They may however appear on panoramic photographs of the whole event/audience.
